Any Other Matters:

- S.O 805(E) dated:14.03.2017 issue by MoEF & CC for Process for appraisal of TOR/EC projects under violation of EIA Notification, 2006-**

Consideration of all Category B projects involving cases of violations which are pending at SEIAA and Government level and are not granted Environmental Clearances by the SEIAA.

A) Enhancement Of Conveyance Allowance Of Members

The Govt. has enhanced the sitting fees from ' 2000/- to 3000/-. However, no action has been taken for enhancement of conveyance allowance from 200/- to 500/- as suggested earlier. The SEIAA, Odisha may consider to request the Govt. in Forest & Environment Department for enhancement of conveyance allowance.

B) Payment of actual travelling allowance to outside SEAC members.

Prof. P.K. Mohanty and Sri A.C. Mohanty, Members of SEAC are attending SEAC meetings from outside Bhubaneswar. They have submitted their T.A bill for reimbursement. The same was forwarded to the SEIAA, Odisha vide letter no. 741/SEAC-Misc-01, dated 26.11.2016 for necessary action. So far no action has been taken in this regard. The committee discussed the issue and requested the SEIAA to consider the matter on urgent basis. Since, they are entitled as per State Rules their travelling allowance should be reimbursed early as per the gazette notification of the MoEF&CC, Govt. of India.

C) Engagement of one environmental engineer and one data entry operator in SEAC office.

The work of the SEAC office has now been managed by the officers of the State Pollution Control Board as an addition to their own work in the Board. Earlier, it was requested to engage one Environmental Engineer exclusively for SEAC office to assist the concerned Board official (Nodal Officer, SEAC) on SEAC matters. But, so far no action has been taken by the SEIAA.

The MoEF&CC, Govt. of India has now made mandatory for processing of EC applications through online system developed by the MoEF&CC, Govt. of India. It is very much essential to engage one Data Entry Operator for assisting the Nodal Officer, SEAC for processing of EC applications through online system.

The SEIAA, Odisha may consider to engage one Environmental Engineer and one Data Entry Operator immediately for smooth functioning of the SEAC Office.
